

Church of Champions and Champions Community Park Guests,

We have closely monitored the recent surge in COVID-19 cases in our city and have been careful to follow the lead of our County officials. In accordance with the guidance of our County Health Officials and for the safety of our families, we have made the decision to close our community basketball court and playground again.

Following the Harris County Parks & Recreations lead the management and rules for our basketball court and playground equipment during this COVID-19 pandemic, we've learned that we're unable to manage the number of people on the court at one time as well as make certain that non-family members are not breaking the social distancing guidelines and using the same basketball.

While we deeply regret this closure, we remain focused on the safety and wellbeing of our families. Several members of our team as well as families have been directly impacted by COVID-19. Please join us as we continue to pray for all of those affected by COVID-19, our healthcare professionals, first responders, and essential workers. Let us pray together for God's protection over our community.

We are honored that our community loves our basketball court and playground facilities, and we want each community member to know we love you too. We are here for you during this difficult season. Thank you for your understanding and continued patience.
